Magnetic stirrer with hotplate

MSH-500D **NEW**

Highest performance

- powerful: stirring capacity up to 20 l, temperature up to 500 °C, stirring rate up to 1.500 rpm
- protection against corrosion due to the smart design
- superior heat- and chemical-resistant full ceramic plate
- strong but quiet motor, made for a long life time
- precise temperature by digital feedback control

Highest convenience

- intuitive and very easy to use control elements
- illuminated digital display for easy setting
- easy to clean full ceramic plate

Highest user safety

- hot top indicator for temperatures over 50°C
- high quality insulation to protect user and device against heat damage
- two independent internal sensors for accurate temperature and overheating protection

Protection

Two features protect the device from internal corrosion and prolong its life time: the **closed coverage type** and the **intelligent fluid management system**, which leads off accidentally spilled liquids away from the interior of the device.

Surface

The **superior full ceramic plate** achieves up to 500°C, is **resistant against aggressive chemicals** and **easy to clean**.

Housing

The **die-cast case** with **high-quality insulation** ensures **user safety** during operation at high temperatures. The **minimized heat transfer** from the plate to the inside also ensures a **longer life time**.

Temperature control & safety

Two independent internal temperature sensors assure **accurate temperature control** and **prevent from malfunction** or danger caused by overheating.

Accessories

The **external temperature sensor** allows **accurate temperature** due to digital feedback control system.

Motor

The **brushless shade motor** ensures **strong and precise stirring**, **minimized noise** and a **long life time**. Due to the high-performance magnet, up to 20 l of water can be stirred easily.

Safety first

Hot top indicator lamp illuminates when temperature on the plate is over 50°C.

Controller

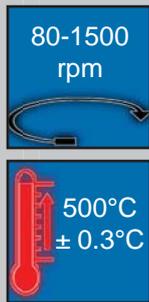

New **Jog-Dial “Turn + Push”** and **touch button** are designed for **intuitive, easy and direct use**.
